MARCH 2020

Disc Repair

Scratches and scuffs can cause playability issues with all types of discs.

The good news is that most discs can be restored. To restore a disc to like-new condition the protective plastic layer needs to be polished down below the deepest scratch. Our machine uses a micro-abrasive solution with a buffing process to get the job done. Polishing the disc will remove a little of the disc's surface so this process can only be done a few times. Our machine repairs music CDs, DVDs, Blu-rays, and most gaming discs.

Bethalto Public Library will now resurface your discs using a professional grade repair machine. We will do everything possible to resurface your disc and return it to you in a timely manner. The expected turnaround time is 7-14 days. We resurface all

discs in the order in which they are received. We accept up to 6 titles at a time.

Let us breath some new life into your scratched up discs. The cost is \$3.00 for a one sided disc and \$4.00 for a two sided disc. All proceeds will support the Bethalto Public Library.

Storytimes

Let's Read Storytime

Thursdays at 10:30am
Fridays at 12:00pm
Kids Space

These weekly storytimes build children's early literacy skills with stories, songs, movement, and crafts. The program lasts about 30 minutes.

Baby Time

Saturday, March 7, 2020 | 10:30am
Kids Space

Bring in your baby for some building block fun! This is for babies 0-12 months. We'll be singing songs and playing with blocks! Playtime with blocks helps build a baby's motor skills and gives them a chance to explore new things. This event lasts 20 minutes and is very casual so don't worry about fussy babies.
